GRIP STRUT Safety Grating is easily installed by one or two persons.

Anchor and clamp assembly for side to side installation

Clamp prevents grating from shifting on supports. Holds pieces together with or without clearance between panels. All bolts are below top surface of grating. No holes are drilled in supporting members.

Assembly consists of anchor plate, 2 J-bolts, nuts and washers, all hardware is electro zinc plated. Anchor plate is hot dip mill-galvanized before fabrication. Option: anchoring device can be cadmium plated on special order.

What you need—when you want it!
